

**We Solve Control Valve Problems®**

June 15, 2007

CCI is proud to welcome Thompson Valves Nuclear Division to the CCI family of businesses.

Thompson Valves Nuclear shall be consolidated with Newman Hattersley Limited (Canada) under the leadership of Lorraine Wiseman, Director & General Manager. In this capacity, Lorraine will report to Oguz Erkan, Vice President Global Operation, CCI Worldwide.

We would like to welcome Phil Harris, Business Unit Manager of Thompson Valves and his team to the CCI family.

The teams at Newman Hattersley and Thompson Valves look forward to working together to service customers' needs and improve customer satisfaction through their collaborative performance.

Regards,

A handwritten signature in black ink, appearing to read 'I. Whiting', is written over a light blue circular stamp.
